

Set the perk. Fill the slow hours.

Reach Bow Valley guests through property-specific QR guides. You choose the offer, discount, schedule and capacity, and keep the activity relationship.

No listing fee. No monthly fee. No exclusivity. Commission is 15% of completed activity value after the guest discount, including non-tip add-ons and excluding guest tax and tips: a fixed 8% for the property and 7% for PostcardPerks before its own costs.

Choose the hours worth filling

ILLUSTRATIVE PERK	SCHEDULE	YOUR CONTROL
\$49 e-bike rental	Sun-Wed after 2 pm	Pause today in one tap
\$70 regular price	Recurring through the season	The recurring rule stays intact

The completed-sale math

BEFORE GST	YOU KEEP	PROPERTY	PLATFORM
\$150.00	\$127.50	\$12.00	\$10.50

Illustration: \$200 regular price less 25% = \$150 before GST. Vendor proceeds and platform share are before costs and tax treatment. Printing, marketing and processing come from the platform share, never the property's fixed 8%.

Planned checkout, subject to approval

With 5% GST and no add-ons or tips, the \$157.50 total splits into \$23.63 upfront and \$133.87 at the activity. The upfront payment is 15% of the activity price plus GST on that portion, credited toward the total. No payment-collection call is needed.

Upfront checkout remains on hold until partner agreements, payment setup and checks are complete. Existing direct-payment offers keep their stated payment instructions and monthly commission invoices; balances under CAD \$100 roll forward. Keep cancellations and no-shows up to date.

Vendors first, then hotels

We are recruiting 10-15 complementary vendors with approved offers and real capacity before broad hotel recruitment. Properties approve their roster. We print and deliver a durable plastic front-desk card, common-area cards and one per room where permitted. You handle the activity, waivers, availability and guest support.
